ABOUT ME

Hello! I am Aji Ramdani, As a Freelance Web Developer and Graphic Designer, I have successfully served more than 100 clients with a background in software engineering. My educational background comes from SMK Terpadu Ibadurrahman, where I was introduced to the basics of technology that became the foundation of my current career. In web development, I am proficient in using HTML, CSS, and JavaScript technologies, and experienced in using PHP for the Laravel framework. In addition, I also have expertise in using modern frameworks such as React, Next.js, and Flutter to create dynamic and responsive user experiences. In graphic design, I am proficient in Photoshop, Illustrator, and Figma software, enabling me to produce visually appealing and memorable designs. With expertise in CSS frameworks such as Tailwind CSS, Bootstrap, and Bulma, I can create modern and responsive layouts according to client
